

## San Antonio

My family and I were at the flea market of San Antonio. It was my first time going to the flea market of San Antonio. I was so excited to see the flea market.

When I spotted a cool remote car I shouted "wow!" when I saw it I went running to my dad and asked him if he could buy me the remote car. I always wanted to get a remote car because they are so fast! When my dad bought me the remote car I told my dad I was thankful that he bought me the remote car.

The small blue parrot caught my attention from the flea market of San Antonio. It was a small baby parrot. I was so full of joy to have my parrot when I got it. When I got back home I started to play with my parrot, I fed him and tried to make him talk.

When we left from the flea market we stopped at a zoo. I saw a lot of snakes and some huge lions; we were looking at the

animals for one hour. When my dad said "its time to leave" I begged him if we could stay for a little longer, but we couldn't.

I told myself that it was the best day ever. I told my dad if we could go to San Antonio again. Going to San Antonio and discovering new things is cool!!
