I went to the beach with my family .Me and my daddy found a star fish at the beach. It was a live and we put it in a bucket .we looked at it rely close we thouth it was rely cool. I had lots of fun. The waves looked rely cool so me and my daddy went far out in the waves. I had to hould his hand .Because the waves were too strong they could knock me down and I could dround . My daddy did not let that happen to me. I cannot wate till next year when we go on a big boat .
